

*Vidya dadāti vinayam,
Vinayād yāti pātratām |
Pātratvād dhanam āpnoti,
Dhanāt dharmam tataḥ sukham ||*

Education bestows humility, humility makes one worthy, worthiness brings prosperity, prosperity nurtures righteousness, and righteousness leads to true happiness.

This ancient verse reflects the philosophy of Sudharssanam Paatashala – that education must lead not only to knowledge, but also to values and fulfillment in life.

Our Heritage

The Dharma Naidu Educational and Charitable Trust, founded under the dynamic leadership of Late Shri S. D. Sudharssanam, was established with a vision to make quality education accessible to all. Dedicated to empowering youth with essential life skills, the Trust began its journey with S.A. Polytechnic College (1996–1997), offering job-oriented education to the underprivileged. This mission expanded with S.A. Engineering College and S.A. College of Arts & Science, followed by Sudharssanam Vidyaashram (CBSE) – institutions known for academic excellence, discipline, and holistic development.

Founding of Paatashala

Continuing this legacy, the Trust founded Sudharssanam Paatashala (Indian Certificate of Secondary Education – ICSE) in 2025 to meet the needs of a new generation of learners. Paatashala is envisioned as a school where knowledge meets creativity and learning inspires curiosity. With its balanced curriculum, modern infrastructure, and focus on values, Paatashala carries forward the Trust's mission – to educate, to empower, and to prepare children for life.

VISION

To nurture a generation of learners who redefine boundaries through knowledge, creativity, and purpose.

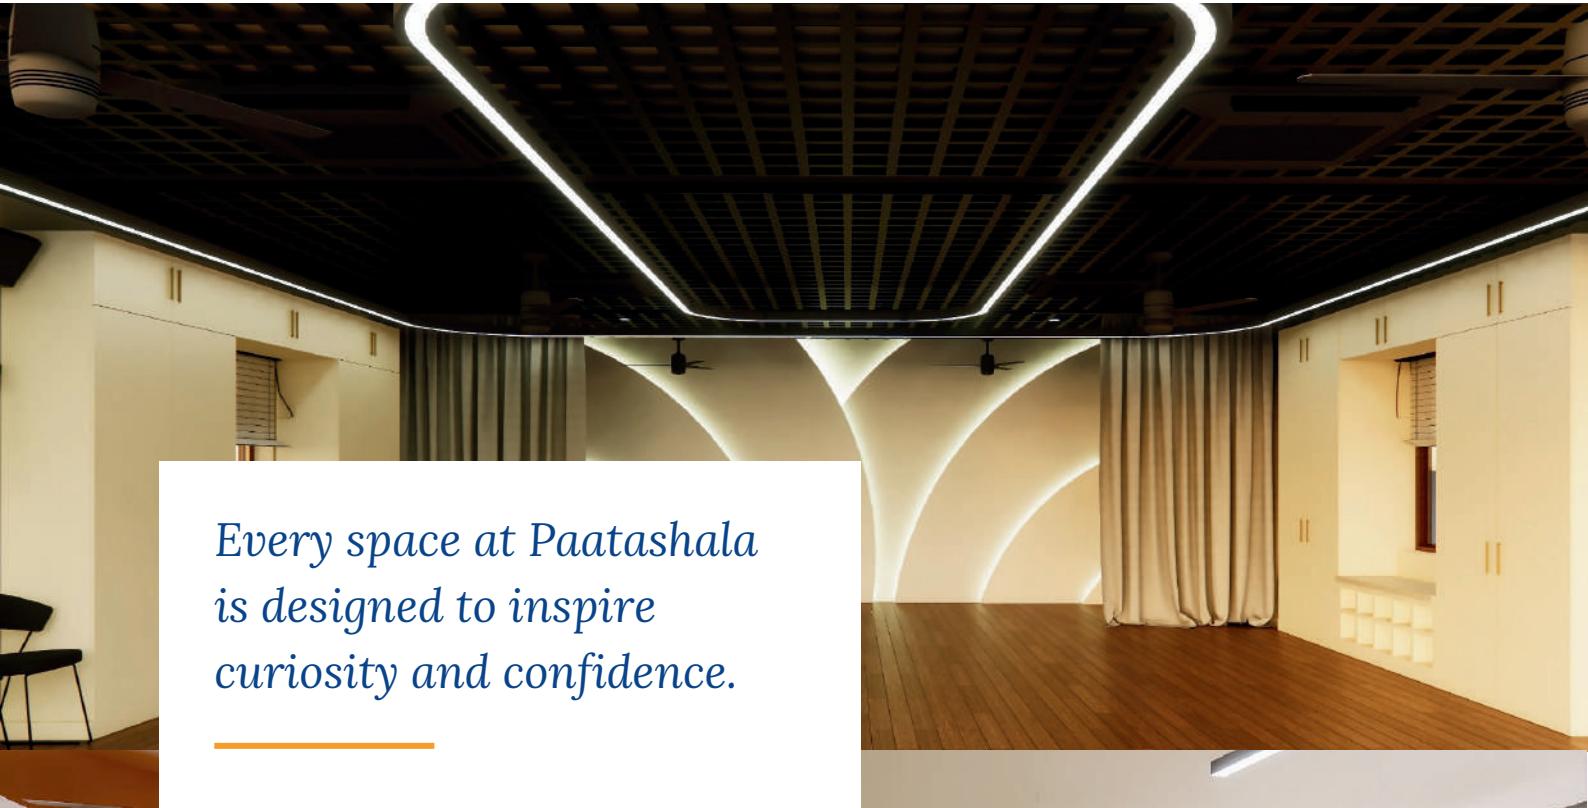

**SUDHARSSANAM
PAATASHALA**

INTERNATIONAL SCHOOL (ICSE)

Reception

MISSION

To create a dynamic environment that combines academic excellence, artistic expression, and responsible citizenship with safe facilities and guided mentorship.

Every space at Paatashala
is designed to inspire
curiosity and confidence.

Spaces of Inspiration

At Sudharssanam Paatashala, we believe that a school is more than just classrooms and corridors – it should be a place that children look forward to every day. That is why our campus has been imagined as a space that feels open, bright, and inspiring.

The classrooms are airy, well-ventilated, and equipped with smart boards to make learning interactive and engaging. Children won't just sit and listen – they will explore, share, and collaborate.

Beyond classrooms, the campus includes courtyards, gardens, and cultural spaces that encourage creativity and reflection. These are places where children can read under the shade of a tree, rehearse a play, or work together on a project.

Every corner of Paatashala is designed with a purpose – to spark curiosity, support learning, and create an environment where children feel safe, confident, and inspired to grow.

Academics

At Sudharssanam Paatashala, academics form the backbone of a child's educational journey. But to us, academics are not about memorizing lessons or racing through textbooks — they are about building understanding, curiosity, and confidence. Our approach ensures that children not only learn but also know how to think, how to question, and how to apply knowledge in real life.

The school follows the ICSE curriculum, widely respected for its depth, balance, and comprehensive structure. Unlike many systems that emphasize only exam preparation, ICSE places equal importance on languages, sciences, mathematics, social sciences, and the arts. This balance encourages every child to grow not just in academics, but also in communication, creativity, and problem-solving.

At Sudharssanam Paatashala, academics are supported by dedicated teachers, modern learning tools, and continuous assessments that focus on progress rather than pressure. The school operates from 8:15 AM to 3:15 PM, following a balanced schedule that allows time for focused study, co-curricular activities, and overall growth.

01

Primary Years (Grades I–V)

In the foundation years, the emphasis is on joyful learning. Lessons are made lively through activities, projects, and discussions that encourage children to ask questions and share their thoughts. The focus is on strengthening literacy, numeracy, and creativity, while also developing good habits and discipline that prepare them for future learning.

*Joyful learning,
lasting growth.*

02

Middle Years (Grades VI–VIII)

As students grow, so does their curriculum. The middle years bring a deeper dive into subjects, with critical thinking and teamwork playing central roles. Children are introduced to independent projects, group assignments, and practical applications that prepare them for the challenges of secondary school.

03

Secondary Years (Grades IX–X)

Here, academics become more rigorous. Students are guided with structured support to face board examinations with confidence, while continuing to explore topics through experiments, debates, and real-life connections. Learning is not confined to exams; it is about building strong conceptual clarity and analytical ability.

04

Senior Secondary (Grades XI–XII)

At the senior level, students are prepared for higher education through specialized streams in Science, Commerce, and Humanities. The curriculum not only equips them for competitive examinations and university admissions but also nurtures independence, leadership, and responsibility. Faculty act as mentors, ensuring that every student receives personalized attention to identify strengths and overcome challenges.

Across every stage, academics at Paatashala are supported by trained faculty, modern teaching tools, and continuous assessments that focus on progress, not pressure. Our goal is to prepare children for life – with the clarity to think, the courage to question, and the confidence to excel.

Specialized Learning Spaces

DANCE STUDIO

A bright, open studio for classical, contemporary, and modern dance, where students learn rhythm, grace, and self-expression.

MUSIC STUDIO

Equipped for both Indian and Western music, with instruments and practice rooms that let children explore melody and harmony.

THEATRE & PUBLIC SPEAKING

A creative space for drama, stagecraft, debates, and elocution – helping students build confidence and clear communication.

DIY & ART LAB

A makerspace for crafts, projects, and design, encouraging imagination and problem-solving through hands-on creation.

POTTERY & WEAVING STUDIO

Blending heritage and creativity, this studio lets children work with clay and looms, learning patience and focus.

CODING & AI LAB

An introduction to programming and artificial intelligence, where children explore digital skills for the future.

Specialized Learning Spaces

ROBOTICS & ASTRONOMY LAB

A dual-purpose space where students design robots and explore the skies through telescopes and simulations.

COMPOSITE SCIENCE LABS

Well-equipped Physics, Chemistry, Biology, and Environmental Science labs where theory comes alive through safe experiments.

LIBRARY & RESOURCE CENTRE

The heart of the campus, with books, journals, and digital resources to encourage reading and research.

MATHS LAB

A space where puzzles, models, and experiments make mathematics logical.

DAY CARE

Safe, colourful spaces where toddlers and young learners build confidence through play, storytelling, and creativity.

HORTI-CULTURE & ECO-LAB

Organic gardens where children grow plants and learn responsibility, sustainability, and care for the environment.

Campus Facilities

At Sudharssanam Paatashala, the campus has been envisioned as more than just a collection of classrooms. It is a carefully designed environment that supports academic study, creative exploration, physical development, and overall well-being. Each facility has been planned to meet the needs of students across ages, ensuring that children learn in spaces that are safe, modern, and inspiring.

01 Academic Facilities

Smart Classrooms

with Interactive digital boards, and ergonomic seating create an interactive learning experience.

Laboratories

for sciences and technology provide students with hands-on opportunities to experiment and discover.

Library & Resource Centre

serves as the intellectual hub, with books, journals, e-resources, and quiet reading corners.

02 Arts & Cultural Facilities

Auditorium & Cultural Hall

A multipurpose space for assemblies, cultural programmes, debates, exhibitions, and school events.

Performing Arts Studios

Dedicated rooms for dance, music, and theatre, equipped with mirrors, instruments, and proper acoustics.

Visual Arts Atelier

Studios for painting, sculpture, and digital art, with added facilities for pottery and weaving.

03

Sports & Wellness Facilities

Outdoor Sports Complex

with dedicated grounds for cricket, football, basketball, and volleyball.

Indoor Arena

for badminton, table tennis, and chess, encouraging both recreation and competition.

Yoga Pavilion & Fitness Areas

to encourage fitness, flexibility, and holistic wellness.

04

Student Care Facilities

Day Care & Pre-Primary Block

designed for younger children, with colourful play areas and age-appropriate classrooms.

Infirmary & First-Aid Support

staffed with trained medical professionals, ensures timely care when needed.

Cafeteria

serving nutritious, child-friendly meals in a clean and supervised environment.

05

Safety & Sustainability

24/7 CCTV Security

with AI-enabled surveillance, trained guards, and child-safety protocols.

Eco-conscious Infrastructure

rainwater harvesting, solar energy integration, and effective waste management.

Green Spaces & Gardens

built into the campus, reminding children daily of their responsibility towards nature.

A close-up, low-angle shot of a soccer ball on a green grass field. In the background, the lower legs and feet of a player wearing dark blue shorts and black and yellow cleats are visible, suggesting they are about to kick the ball. The lighting is bright, casting soft shadows on the grass.

*The ground is a classroom too
– where discipline, resilience,
and friendship are learned
with every game.*

Sports & Adventure

At Sudharssanam Paatashala, sports are an essential part of education. We believe the field, the court, and the arena teach lessons as valuable as those learned in classrooms – discipline, teamwork, resilience, and courage.

01 Outdoor Sports

- Cricket
- Football
- Basketball
- Volleyball
- Athletics

02 Indoor Sports

- Chess
- Table Tennis
- Tennis
- Badminton
- Pickle ball

03 Combat & Precision Sports

- Taekwondo
- Boxing
- Archery

04 Wellness & Adventure

- Yoga
- Skating
- Trekking
- Camping

Each discipline is guided by trained coaches and mentors, ensuring that children learn skills with the right technique, discipline, and respect.

At Paatashala, sports and adventure are not only about competition – they are about nurturing healthy bodies, confident minds, and strong character.

*Learning to care for the
earth, one seed at a time.*

Sustainability & Horticulture

At Sudharssanam Paatashala, we believe children should learn not only in classrooms but also from the world around them. Our campus is being developed as an eco-friendly space that teaches responsibility and care for nature every day.

Through organic gardens and horticulture projects, students get to plant, nurture, and watch life grow. These hands-on experiences help them understand patience, responsibility, and the importance of sustainability.

The school integrates several green practices such as solar power generation (STG), rainwater harvesting, waste reduction, and a sewage treatment plant (STP) that supports water recycling and conservation. Together, these systems help children see sustainability in action – as something that protects the planet and shapes the future.

At Paatashala, sustainability is not just a subject – it is a way of life that children live and practice every day.

*A second home where
little hearts grow with joy*

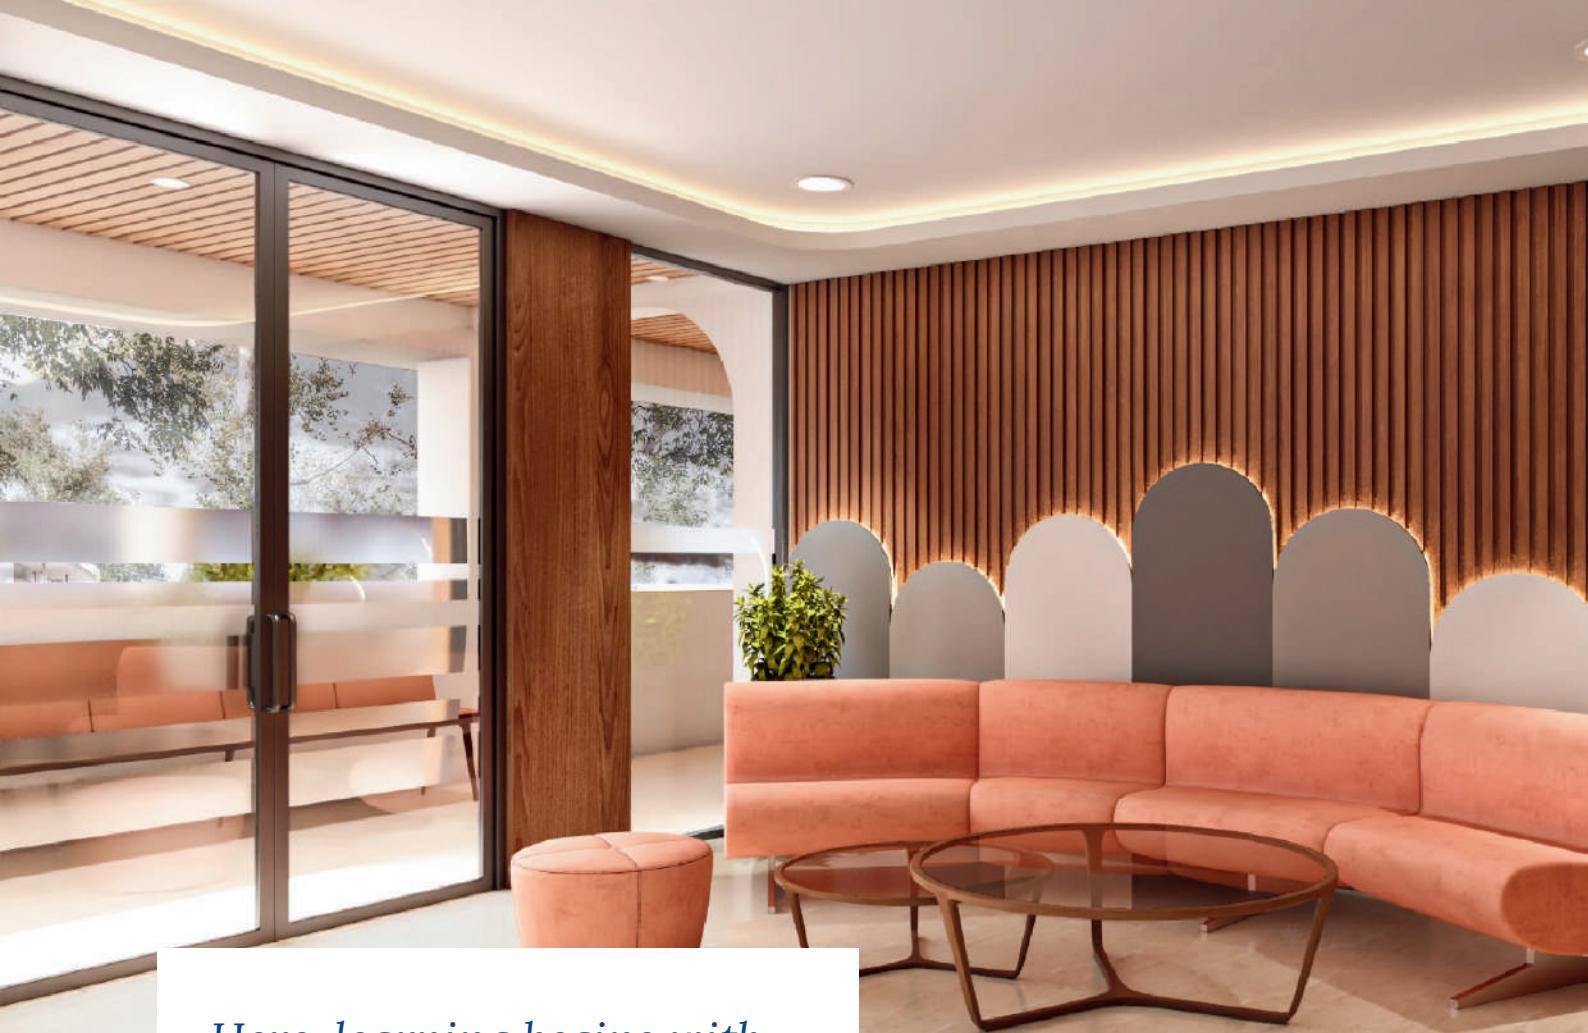

Early Childhood & Day Care

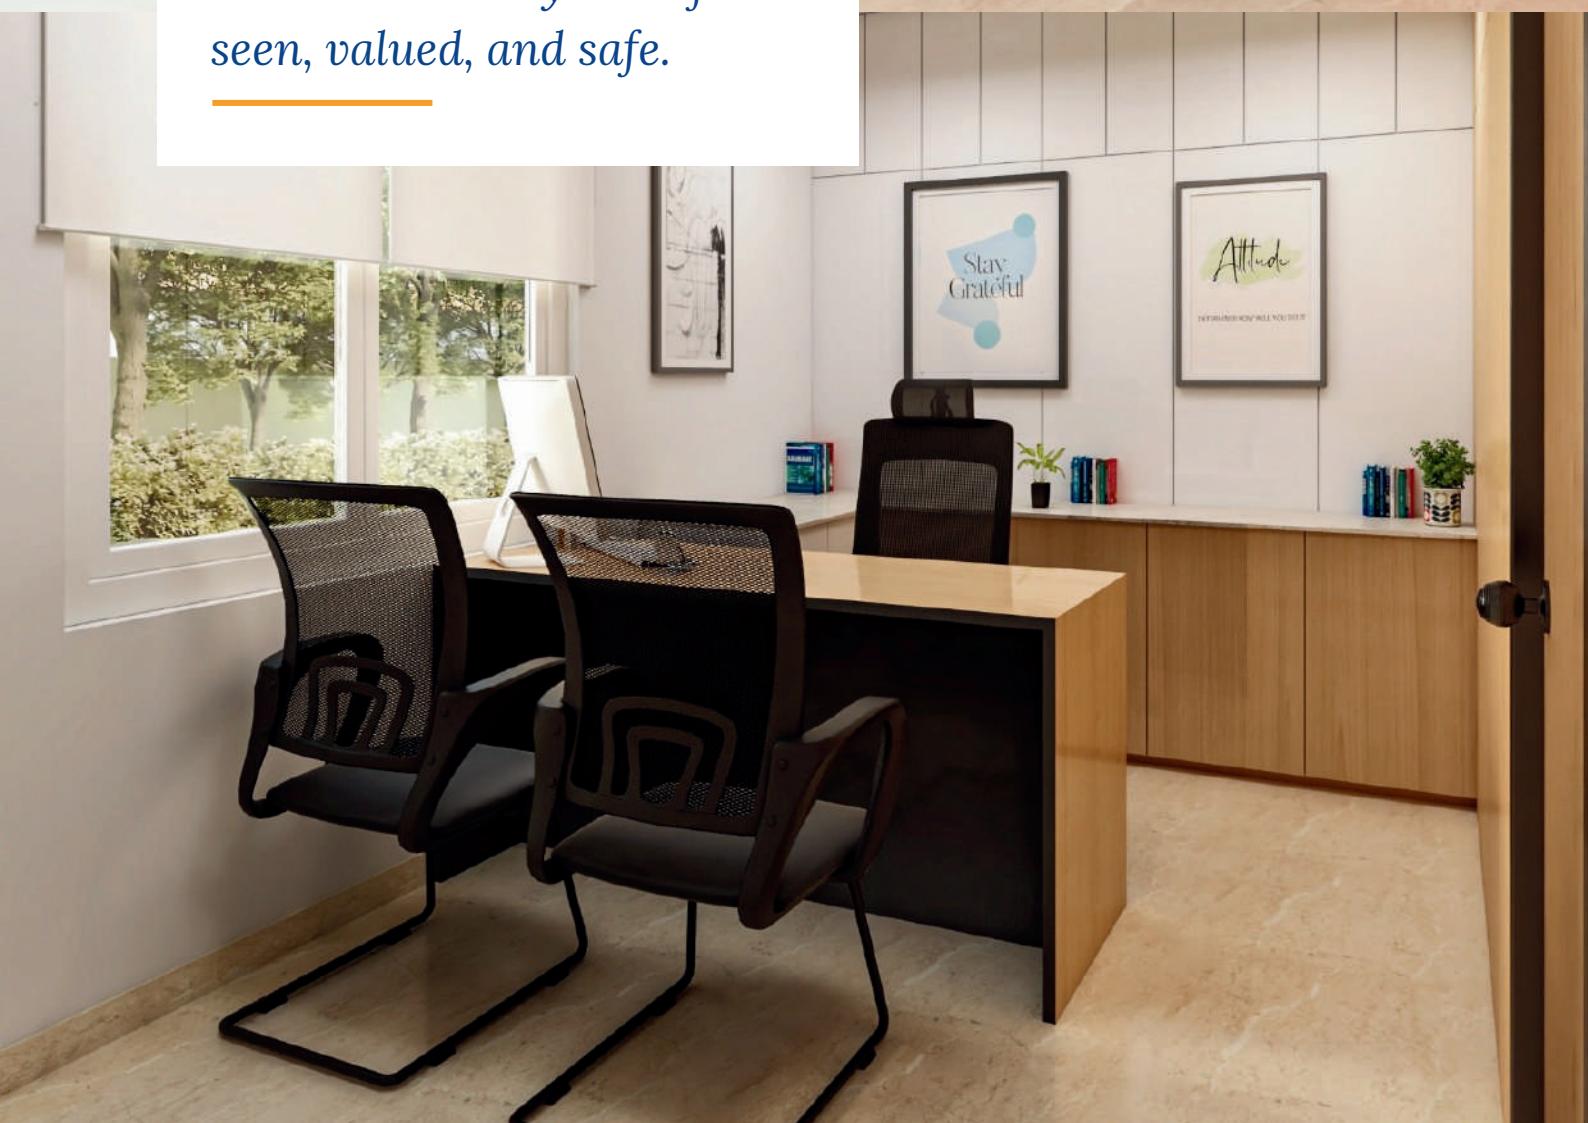

At Sudharssanam Paatashala, we understand how important the early years are in a child's journey. Our Day Care and Pre-Primary block is designed as a safe, colourful space where little ones feel at home.

Through play, storytelling, music, and art, children learn to share, express themselves, and build confidence. Caring teachers and age-appropriate activities make sure that learning is joyful and gentle.

These first steps are about more than just academics — they are about nurturing curiosity, independence, and a love for learning that will last a lifetime.

Here, learning begins with care – and every child feels seen, valued, and safe.

Student Life & Care

Life at Sudharssanam Paatashala is designed to be vibrant, balanced, and caring. Children grow not only through academics but also through experiences that shape their confidence and friendships. From cultural festivals and sports events to debates and science fairs, every student finds a stage to shine. A wide range of clubs – from literature and robotics to art, music, and eco-initiatives – give them opportunities to explore passions and build leadership.

Just as important as activities is the assurance of care. Our mentorship system ensures that every child feels supported and guided. The campus is equipped with 24/7 security, child-safety protocols, and an infirmary with medical staff, giving parents complete peace of mind. At Paatashala, we believe children learn best when they feel safe, respected, and valued – and we are committed to creating that environment every day.

Admissions

2026-2027

Admissions are now open for the academic year 2026-27 at Sudharssanam Paatashala. We welcome applications from families who wish to provide their children with an education that balances academics, creativity, sports, and values.

Grades Open

Pre-Primary to Grade VII (expanding further in subsequent years).

Admission Process

Our process is simple, transparent, and parent-friendly:

01

Application

Parents may fill out the admission form online or collect it directly from the school office.

02

Interaction & Assessment

An age-appropriate interaction with the child and a meeting with parents help us understand the child's strengths and needs.

03

Confirmation

Successful applicants will receive an admission confirmation letter along with details on fee payment and orientation.

Our Commitment

At Sudharssanam Paatashala, we believe that true education goes beyond academics. We are committed to creating an environment where every child feels encouraged to explore, express, and excel. Our focus is on nurturing curiosity, confidence, and compassion — qualities that prepare children for both success and happiness.

At Paatashala, admissions are not just about joining a school; they are about becoming part of a caring community that values learning, growth, and character.

Why Sudharssanam Paatashala?

Choosing the right school is one of the most important decisions a parent makes. At Sudharssanam Paatashala, we honour that trust by creating an environment where children can learn, grow, and thrive with confidence.

Parents choose Sudharssanam Paatashala because we offer:

A Trusted Legacy

Part of the Dharma Naidu Educational Trust, with a proven record in school and higher education.

The ICSE Advantage

A curriculum known for its balance, depth, and emphasis on languages, sciences, mathematics, and humanities.

Modern Learning Spaces

Well-equipped classrooms, laboratories, libraries, and studios that bring theory into practice.

Holistic Development

Equal focus on academics, arts, sports, and co-curricular activities, ensuring all-round growth.

Values & Care

A safe, nurturing environment where every child is respected, supported, and guided with compassion.

Future-Ready Skills

Emphasis on coding, robotics, data science, and sustainability, preparing students for tomorrow's world.

At Paatashala, we believe that education is not just preparation for exams — it is preparation for life. Here, children are encouraged to question, create, and dream, while being grounded in values that will guide them for years to come.
